General Secretary, ISCB

From the Editor's Desk

Dr. P.M.S. Chauhan

Dear All,

In these challenging times of COVID-19 pandemic, we are all navigating through uncertainty for ourselves, our loved ones and our community. I hope you are staying healthy and safe.

As you are aware that most of the research labs, universities and colleges in India and abroad are closed and all are working from home, due to which researchers are unable to complete and publish their research papers.

We at Chemistry & Biology Interface journal are also facing the shortage of research papers for publication. We are working hard with our authors and contributors to maintain the continuity of our journal's publication.

Due to this unprecedented situation we are publishing only two research papers in this **May-June 2020** issue.

I request you to support and contribute research papers and reviews for publication in the upcoming issues of Chemistry & Biology Interface (CBI) Journal.

I look forward to continuing our rewarding association and thank you for your valuable contribution.

Thanking You.

Dr. P. M. S. Chauhan, Ph.D, FRSC

General Secretary, Indian Society of Chemists & Biologists (ISCB)

Ex. Chief Scientist and Professor (AcSIR), CSIR-Central Drug Research Institute, Lucknow

Editor-in-Chief, Chemistry & Biology Interface
